Reasons For Allowance

Applicant's arguments in the Request For Appeal Brief, see pages 4-9, filed 8/16/2005, with respect to the rejection(s) of claims 1,5 and 8-11 under Berry et al. have been fully considered and are persuasive. Berry does not disclose a stent which is in a reduced state which has a plurality of first peaks disposed at a first distance from the longitudinal axis of the stent and a plurality of second peaks disposed at a second distance from the longitudinal axis of the stent, where the second distance is less than the first distance, while the stent is in the expanded state, the first distance is substantially the same as the second distance, and where the first peaks define a substantially cylindrical outer surface of the segment.
